

Сведения об официальном оппоненте

Долгих Вячеслав Васильевич, доктор биологических наук, специальность 03.02.11 – паразитология, руководитель лаборатории, Федеральное государственное бюджетное научное учреждение Всероссийский Научно-Исследовательский Институт Защиты Растений

Список основных публикаций по теме диссертации за последние 5 лет:

1. Timofeev S. A., Senderskiy I. V., Zhuravlev V. S., Dolgikh V. V. Microsporidia and Their Closest Relatives: Modern Ideas about the Evolution of Unique Group of Extreme Parasites // Biology Bulletin Reviews. – 2023. – V. 13. – No. Suppl 2. – P. S133-S143. – DOI:[10.1134/S207908642308011X](https://doi.org/10.1134/S207908642308011X)
2. Timofeev S. A., Shukhalova A. G., Senderskiy I. V., Mitina G. V., Gannibal P. B., Dolgikh V. V. Two insecticidal neurotoxins from parasitoid wasp Habrobracon hebetor venom and their potential use in biocontrol // BioControl. – 2024. – V. 69. – No. 1. – P. 65-75. – DOI:[10.1007/s10526-023-10238-x](https://doi.org/10.1007/s10526-023-10238-x)
